

Mattie Burney Scholarship Endowment

Nine years ago The Beulah Grove Community Resource Center established the Mattie B. Burney Scholarship, to honor a fallen dedicated educator. Mattie B. Burney was a true advocate for creating opportunity for students to continue their education after high School. The Mattie B. Burney scholarship is a 501(c) 3 charity. The mission is to provide financial assistance or low to moderate-income high school seniors and college freshmen from around the CSRA, who seek to attend college. The students must possess a 2.5/4.0 or better grade point average, a dedication to community service, and demonstrated leadership qualities. The scholarship seeks to ultimately award two \$ 5, 000 scholarships annually. No restrictions are placed on a student's choice of college or discipline. Since 2006 the scholarship has awarded 10 scholarships with students studying at colleges across the USA. Disciplines have ranged from medicine, to creative arts to business. The intent of the scholarship program is to empower young and dynamic individuals to have the opportunity to become educated and highly skilled in various disciplines, then return to their communities and become active to bring about positive social change in those communities where it would otherwise be unobtainable.
